SUMMARY

AI & Automation Engineer specializing in LLMs, RAG, multi-agent systems, and workflow automation. Experienced in building production-grade AI systems using LangChain, LangGraph, Flask, AWS, FAISS, and CI/CD pipelines.

EDUCATION

VIT Bhopal University

Bachelor of Technology in Computer Science (CGPA: 8.60)

09/2022 – Present

Bhopal, Madhya Pradesh

EXPERIENCE

Tsuroni Ltd. — Israel

Mar 2025 – Jul 2025

AI Workflow Automation Intern — Remote

- Architected multi-agent AI workflows on n8n, reducing manual workload by 70%.
- Built an SEO automation pipeline increasing content output by 300%.
- Automated competitor scraping + LLM-based blog generation, cutting research time by 80%.
- Automated invoice extraction to Airtable using Gemini with 95%+ accuracy.
- Engineered a stock-analysis workflow combining technical + sentiment analysis, increasing insight reliability by 35%.

PROJECTS

Face Emotion Detector — Flask, CNN GitHub

Nov 2023

- Web app used by 300+ users with real-time emotion classification across 7 categories.
- Trained a CNN achieving 70% accuracy with visual confidence outputs.
- Implemented secure image uploads with validation, reducing errors by 40%.

Medical ChatBot — RAG, LLMs, LangChain GitHub

Feb 2025

- Handled 1,000+ medical queries with under 3s latency.
- Dockerized for consistent deployments and reduced setup issues by 60%.
- Deployed on AWS EC2/ECR achieving 99.9% uptime.
- CI/CD automation via GitHub Actions reduced deployment time by 80%.

Conversational AI Agent — LangGraph, FAISS GitHub

Aug 2025

- Managed 2,000+ queries with 1.5s average response time.
- Implemented state machine workflow reducing conversation errors by 40%.
- Built a REST API enabling integration across 3+ client apps.

TECHNICAL SKILLS

Languages: Python, Java, JavaScript, HTML, CSS

Frameworks: Flask, FastAPI, LangChain, LangGraph

AI/ML: NLP, RAG, LLM Fine-Tuning, Embeddings, Vector Databases, FAISS, Pinecone

DevOps / Cloud: Docker, GitHub Actions, AWS EC2/ECR, AWS S3, CI/CD

Skills: Agentic AI, Prompt Engineering, Problem Solving, SQL, DSA, Web Scraping, OOP

Certifications: OCI GenAI Professional Certificate (2025), IBM Cyber Security Analyst (2025), Cloud Computing (NPTEL), Marketing Analytics (NPTEL), JLPT N5

ACHIEVEMENTS

- Meta Hacker Cup 2025 — Round 3 (Rank 158).
- Solved 300+ problems on LeetCode.
- Member, Student Internship Program under Bhopal Police (2024–2025).
- Smart India Hackathon – Internal Round Selection (2024).
